

Small class sizes: 17-to-1 student/faculty ratio

Personal Attention: Our faculty are noseey in a good way and for good reason...student success. They take the time to get to know their student's needs both in and outside of the classroom.

First Year Experience: Designed to ease the transition from high school to college. This course helps students develop better study skills and explore the diversity of our campus community.

UNIVERSITY of WISCONSIN
Superior
Wisconsin's Leading Public Liberal Arts College

Higher Expectations For your career. For yourself. For your life.

WHAT'S UNIQUE ABOUT UW-SUPERIOR?
www.uwsuper.edu 715-394-8230 admissions@uwsuper.edu

In UW-Superior's Art Therapy program, I learn how to help people deal with lifes challenges...and I get to practice my art while I'm doing it!

Art Therapy -

UW-Superior is one of only a handful of universities in the U.S. that offer Art Therapy at the undergraduate level. This gives students who want to pursue this career a jump start on courses they'll need at the graduate level. Students in the program learn how to combine art and psychology to provide creative outlets in therapy.

Our Faculty are the Best - Seriously! Over 90% of our faculty hold the highest degree possible in their field. The Art Therapy professors are artists themselves and you'll be taught directly by them! At UW-Superior, there are no teaching assistants, no classrooms the size of a football stadiums, and no chance that your professor won't know you by name.

We're growing by leaps and bounds!

Visit UW-Superior to see how the look of campus is changing - but bring your hard hat! The construction on our new Student Center will be completed soon. Plus, in 2010 there will be a new \$31 million state of the art academic building. It's an exciting time to be at UW-Superior!

This is Lyndsie Marsh
hometown: Clyman, WI
