

# Always on the Move

## Next Club Meeting

**April 29<sup>th</sup> 11:30am - 1:00pm Erlanson Room 102**

Our next T&L Club meeting will not feature a guest speaker. Instead, we decided to allow all of you, as club members, to come and give us your input and ideas. The new T&L Club Board, which will officially take over in Fall 2008, has already begun to plan next year's events and would like to hear from all of you. Whether you'll be around next year or not, the board wants to hear from you.

It cannot be stressed enough how important and valuable this meeting will be, both for you as members and for your board. This is your club and your opportunity to bring your ideas to the table. The T&L Club Board members are here to serve its club members and to achieve the club's goals.

Due to everyone's busy schedules, we decided that this meeting would be an open door meeting from 11:30am - 1:00pm. You are welcome to come and join us at anytime during the meeting.

Food and beverages will be provided.

Please come and join us

## T&L Club Sweeps the DBE Bowling Event

At the end of March, the DBE held its annual bowling tournament party. For the T&L Club, the event went well. Brad Peot and Jay Baker teamed up for the pool tournament and made it all the way to the final round. Unfortunately, the tournament was canceled due to the bowling tournament starting; so, no winners were determined. However, Brad and Jay were the only team to get to the final round.

For bowling, the T&L Club had even more luck. T&L Club team member, Sam Lawton, received the Highest Individual Score trophy. The T&L Club team received together received the Highest Team Score trophy, beating eleven other teams from different departments in the DBE.

The following club members were on the T&L Club bowling team:

- Jay Baker
- Trevor Bein
- Katie Hildebrandt
- Sam Lawton
- Brad Peot

**Congratulations Team!!**

### Relay for Life

## **BNSF Tour with MTU**

**Thank you all who  
came out for the tour!**

## **Hanging with Michigan Tech**

At the beginning of this month, the T&L Club and Michigan Tech's Railroad Engineering Club got together here in the Twin Ports for some education and fun. Friday night, we enjoyed bowling and pizza at the Incline Station in Duluth. Unfortunately, the trophy fell into the hands of MTU by a mere thirty points. But, there is always next year to get the trophy back.

Saturday morning we met MTU at Barker's Island Inn, where guest speaker, Ken Buehler, the executive director for the Lake Superior Railroad Museum, came and spoke to us about the passenger high-speed rail project between the Twin Cities and the Twin Ports development project. This project may become reality as soon as 2012. Mr. Buehler is playing an active role on the development committee for Congressman James Oberstar. For club members, this was a very interesting meeting.

Following the meeting, we went to the BNSF Taconite Facility here in Superior. We toured its 80+ acre facility and got a glimpse of a critical point within the supply-chain for the steel industry. Taconite is shipped by rail all year round from two mining facilities on the Iron Range to this facility, where the taconite is unloaded, stored, and eventually loaded into Lakers throughout the Great Lakes shipping season.

All in all, we had a great time with MTU, who would like to get together again next year for a rematch in bowling and another tour.

Thanks to those club members who participated in the various events throughout MTU's visit to the Twin Ports. Thank you Brad Peot for arranging this event.

## *Congratulations*

## **Board says 'Farewell' to T&L Club**

*By: Jay Baker*

**Fellow club members, another semester is coming to an end and the sweet days of summer are just around the corner. With the end of this semester, comes the end of service for five T&L Club board members. Doug, Krista, Trevor, Katie, and I all wish to thank for your active participation in this club, and to say farewell to you all. The time has come for us to move into another chapter in life. We all wish you the best of luck in life and hope that those of you who will be remaining on campus next year will continue to remain active with the T&L Club. Thank you for allowing us the opportunity to serve you and this club. It was truly a priceless experience.**

**Thank You**
