		Electives		9			

Electives (9 credits required)

Students may choose to fulfill their 9 elective credits by working towards one or a combination of the focus areas listed below depending on their professional career goals. Other courses not listed in the focus areas can be substituted and count as part of the 9 credits in consultation with your advisor.

Focus Areas – See Back of Advisement Sheet

**Also offered through Distance Learning – Offerings May Vary by Semester*

Note: This document is provided only as a simplified advising form to students and does not preclude any of the requirements set forth by the degree audit required by the Registrar's Office.
