		**Offered through the Continuing Education Office.					

The Early Childhood minor is offered both on campus and online. It can be taken by any student with any major and is appropriate for students interested in gaining expertise in working with children birth to age eight.

Students interested in certification by the Wisconsin Department of Public Instruction in Early Childhood Education (birth - 3rd grade) must also complete the Elementary Education major.

Student currently certified in Elementary Education can take the Early Childhood minor to add-on early childhood to their existing teaching certificate.

**Also offered through Distance Learning – Offerings May Vary by Semester*

Note: These sheets are provided only as a simplified advising form to the students and do not preclude any of the requirements set forth by the degree audit required by the Registrar's Office.
