

**Health & Human Performance
Department Meeting Minutes
November 24, 2009**

Present: Jeff Engstrom, Don Mulhern, Ray Reinertsen, Glenn Carlson, Char Matheson (no quorum)

Minutes from the November 17, 2009 department meeting: no vote

First Year Seminar Presentation – Suzanne Griffith: FYS classes should have a maximum enrollment of 15. Goal is for students to learn to engage in a topic and to speak up in a group while building connections within the campus community. Classes are 3 credits and can take the place of gen eds. The FYS prefix is troublesome for some HHP students due to the DPI requirements. Dr. Griffith will review the issue.

UW-Stout Request for entitlement to Plan a BS in Health, Wellness & Fitness: Consensus of the members in attendance was that this entitlement request should not be supported by the department.

Meeting adjourned ()

Submitted by: Charlene Matheson

Next Department Meeting: December 8, 2009
