

**Health & Human Performance
Department Meeting Minutes
August 31, 2009**

Present: Ray Reinertsen, Don Mulhern, Jeff Engstrom, Bill Simpson, Jay Johnson, Glenn Carlson, David Kroll, Kim Lebard-Rankila

Minutes from the August 25, 2009 department meeting approved (Simpson/Kroll)

Announcements

Recap - Senior Experience will be held on December 11, 2009. Instructors of capstone experience courses should put this date on their syllabi as a requirement of the course. A question about having a non-credit course for the survey/presentation as a means to track the students was discussed.

Induction ceremony tomorrow at 9:45am... please attend.

Lunch with the students tomorrow in the Mertz Gymnasium.... meet the new students.

H1N1 plan for missed classes should be thought through for all courses and may be referenced on the course syllabi. Bill mentioned a link for disease control information could also be attached to the syllabi. <http://www.cdc.gov/h1n1flu/qa.htm>

OLD Business

Catalog Copy

Don Mulhern HHP 321/421 should be changed to read "exceptional/special needs" student.

David Kroll HHP 312 should read "and/or shallow water attendant". . . plus add HHP 158 as a pre req.

Should we have a statement that a current CPR, AED ARC card should be required for graduation?

Kim Lebard-Rankila HHP 203 should be renamed to "Group Fitness" and should read "active participation in group exercises that promote cardiovascular and muscle skeletal fitness."

HHP 303 take "and Group Fitness" out of the title. Add HHP 282 as a pre req.

Jeff Engstrom HHP 265 ok.

HHP 160 change name and description to "Introduction to Health Sciences (2) Interdisciplinary review of the ten content areas of Health including allied health terminology"

HHP 460 change name and description to "Cardiovascular Diagnostics (3) an introductory survey of theoretical considerations and practical applications of electrocardiography and other cardiac interventions. Prerequisite: HHP 110, 282, & 265" (see email)

HHP 362 change course description to “a review of the basic principles of human biomechanics including an emphasis on the musculoskeletal system and its levers which generate torque to facilitate movement. Prerequisite: HHP 110, 264 “ (see email)

HHP 264 Human Structure and Function (3). Physiological and anatomical facts and concepts are reviewed, including basic principles, chemistry, the cell, tissues, the integumentary, skeletal, nervous and the muscular systems. A virtual digital Laboratory (0) presentation examines the above systems and topics through cadaver dissections, animations, histological observations and radiological imaging. (change’s underlined see email)

HHP 265 Human Structure and Function (3). Physiological and anatomical facts and concepts are reviewed, including the blood, endocrine, cardiovascular, digestive, respiratory, lymphatic, and urinary systems, immunity, water and acid-base balance. A virtual digital Laboratory (0) presentation examines the above systems and topics through cadaver dissections, animations, histological observations and radiological imaging. (change’s underlined see email)

Ray Reinertsen no changes

Jay Johnson HHP 496 add “appropriate certification CPR/AED required”

Bill Simpson no changes? Mentioned a ACSM link for HHP 363

Glenn Carlson HHP 117, 119, 181, eliminate “and rules of” and add “for”
HHP 182 eliminate “and rules of individual sports” and add “for weight training
