

REQUIRED FOR ADMISSION TO UPPER DIVISION (300/400-LEVEL SBE COURSES)

Students majoring in the SBE must be admitted to the school prior to enrolling in 300/400-level courses with the exception of 300/400 level economics courses. Students enrolling in 300/400 level economics courses only need to satisfy Econ 250 and Econ 251 prerequisite requirement.

To be admitted to SBE, students must first:

1. **Earn an overall grade point average of 2.3 or higher.** This requirement applies to all students, **including transfer students**. Coursework at previously attended colleges or universities will be included in GPA computations.
2. Complete the following courses with a **GPA of at least 2.0 with no grade lower than C-** : BUS 270; ECON 250, 251. Students from outside the school who have completed ECON 235 can enroll in all 300/400 level economics courses without being admitted to the SBE. However, if a student who has taken ECON 235 subsequently declares Economics as his/her major, he/she will have to complete the ECON 250 and ECON 251 sequence, along with BUS 270, in order to meet all requirements for admission to the SBE. In this case, ECON 235 can be counted as general elective credits. This is to ensure that all economics majors will have completed the same course requirements for their upper level training. Students lacking experience with spreadsheet, database, and internet software applications are strongly encouraged to take ITS 108 – Business Computer Applications.
3. Complete the following: WRIT 102, 209; COMM 110; and MATH 151 or Math 240 for all SBE majors.
4. All but 12 credits of the remaining University Studies requirements.

Students with majors offered by the SCHOOL OF BUSINESS AND ECONOMICS may not enroll in any of the courses listed in 2 & 3 on a Pass/Fail basis. The University Studies Mathematics requirement is satisfied by MATH 151 or 240.

All of the requirements stated above also apply to transfer students.

Notes:

- *ECON 430 and ECON 435 can be used to satisfy only one requirement in the major.*
- *120 total credits and 36 credits numbered 300 or higher are required for graduation. After meeting all University Studies requirements, all minor requirements and all major requirements, the economics major still contains 24-27 elective credits (8-9 courses) that the student can fill with any catalog course of his or her choosing.*
- *Students with more than one major in SBE must have a minimum 5 course difference between majors. The 5 or more courses that differ between majors must be a combination of required major/concentration courses and elective courses.*
