Associates of Science (Emphasis in Pre-Engineering)

Students may transfer to one of several engineering schools to finish an engineering degree after completing a program of study comparable to the following:

Students pursuing the Pre-Engineering Program at UW-Superior should review the engineering requirements of the institution at which they wish to complete their degree and confirm all courses to be transferred. In addition, students should meet with their advisor to discuss the various types of engineering degrees available and options to help them prepare.

Students should NOT complete the normal general education requirements, but instead fulfill the requirements below.
