THE SOCIAL INQUIRY DEPARTMENT

UW-Superior’s Social Inquiry Department forms the basis of a sound university education, prepares students for careers and helps students better understand themselves, their society and their world.

THE SOCIOLOGY PROGRAM

UW-Superior’s Sociology program offers students not just a fixed base of current knowledge, but the insight to identify major questions and the ability to pursue meaningful answers from local and global perspectives. Sociology studies all aspects of human society, including the ever-pressing issues of social, racial and sexual inequality. The program prepares students to understand and take responsibility for the world structured by institutions, made meaningful through culture and lived in our actions.

The Superior-Duluth metro area offers numerous internship opportunities. Past Sociology students have interned at organizations such as:

- Arrowhead Regional Development Commission
- Superior City Planner’s Office
- Superior City Attorney’s Office
- Superior Mayor’s Office
- Social Services
- Superior Police Department
- Duluth Police Department

Flexible study abroad programs offer opportunities to study, conduct research and hold internships in other countries.

Find out more about UW-Superior’s Sociology program online at uwsuper.edu/socialinquiry.

DEGREE POSSIBILITIES

Students completing a Sociology minor at UW-Superior have a broad informational background along with skills in critical thinking, research and communication.

The vast majority of employers look for these skills in potential employees. Examples of careers that could be pursued by people with a background in sociology:
