

Associate of Science

Emphasis in Pre-Engineering

Associate of Science Degree

Students gain a quality education at UW-Superior based on the core classes needed for the high-demand field of engineering. Through choosing to attend UW-Superior to get your Associate of Science degree, you have:

- Affordable tuition
- Small class sizes
- Personal attention from faculty
- Close student connections
- A supportive campus community
- Active student organizations

Emphasis in Pre-Engineering

Students gain a quality education at UW-Superior for all of the core classes needed for building knowledge in the high-demand field of engineering. This well-rounded curriculum includes:

- Physics
- Chemistry
- Writing
- Economics
- Programming
- Mathematics

Our instructors and facilities will give you a solid base of knowledge in Pre-Engineering with your Associate of Science degree.

Today, there are many opportunities in engineering, and the industry is only growing. You can pursue a career in:

- Biomedical engineering
- Chemical engineering
- Civil engineering
- Electrical engineering
- Environmental engineering

- Industrial engineering
- Mechanical engineering
- Nuclear engineering

Transfer Possibilities

UW-Superior prepares students to transfer to an engineering program of their choice at another institution. Most UW-Superior students pursue their degrees at:

- UW-Madison
- University of Minnesota - Twin Cities
- University of Minnesota - Duluth
- Michigan Tech
- North Dakota State University

Engineering continually ranks as one of the highest demand bachelor's degrees by employers. Starting salaries for engineers exceed \$50,000.
