AND PLANTING THE SEEDS FOR A SUCCESSFUL EDUCATION.

The Center for Academic Advising provides complete student advisement services. We begin working with students from the moment they are admitted to the university through their graduation and beyond.

Helping you achieve your educational goals.

We offer advising services to students who:

- Have not yet declared a major
- Are in transition between majors and/or minors

We'll help you choose a major, register for classes, or just help point you in the right direction. Visit us anytime.

We're here for you.

REGISTRATION TIP:

See your Advisor EARLY!

Waiting to see your advisor on or after your registration appointment is too late. It's not always possible to see advisors on a "walk-in" basis or without an appointment.
