

Academic Program Review Council

Minutes of September 27, 2012. 2:30 – 3:20 pm, Swenson 2005

Members Present: Jacobs; Li; Rosenberg; Stocker.

Natural Sciences Review, Chapter 2.

1. Question from councilors: Does the assessment plan at UWS require department-level goals? Only program-level goals were formally requested by the Assessment Office.
2. In section 3, it was suggested that Chem/Phys should present results of the ACS exam or similar measures of student success.
3. Question: How is cost-per-credit computed? Does it include differential tuition offsets?
4. The Council recommends more collaboration between NS and Math.
5. The Council lauds the NS recruitment efforts (in high schools).

Chapter 2 discussion is to be concluded at the next meeting.

Reading for the October 4 meeting was assigned: NS review chapter 3.
