

Jacket Internship Financial Assistance Success at UW-Superior

In Fall 2013, The University of Wisconsin-Superior received an internship grant to financially support students working in unpaid internships in the areas of government, education, and non-profit. This grant was developed in partnership between the Career Services and the Social Work program, however students from a variety of disciplines are participating and benefiting.

We are happy to inform the campus and community that as of spring 2014, 55 students have participated in the program. As a result, we have awarded \$105,300 to our students.

We thank the following academic departments and organizations for the continued success of the program:

Biology	Exercise Science	Social Work
Business Administration	First Nations	Sociology
Communication Studies	History	Visual Arts (individualized degree)
Community Health	Legal Studies	
Criminal Justice	Marketing (individualized degree)	
Education	Mathematics	
English		

Our interns are participating in internships with the following organizations:
