Dear Campus Community,

As you may have heard on the news, the Bayfield County Health Department has confirmed a case of the COVID-19 virus in a high school student. The student is at home and under self-quarantine.

We are continuing with our plan to minimize the employee and student presence on campus and to utilize technology and other methods to conduct business and hold classes. Please continue to exercise wellness practices such as:

- Frequent and thorough hand washing with soap and water
- Cover coughs and sneezes
- Avoid touching your face
- Stay home when sick
- Practice social distancing
- Avoid large public gatherings and crowds

Our travel guidelines now include the following: If you have traveled outside the Twin Ports area since Monday, March 16, you must self-isolate for 14 days before returning to campus.

I appreciate your patience and flexibility as we work together to stop the spread of the virus!

Renée
