Contact the EH & S Office (ext. 8073) immediately for pickup of full containers.

Rev. 11/02
Contact the EH & S Office (ext. 8073) immediately for pickup of full containers.

**Remember!**

All containers must be labeled with:

- The words “Hazardous Waste”
- The date that waste was first added to container
- A description of the waste (should match the description on the inventory sheet)
- The hazard warnings that describe the primary characteristic
- Remove or cover all old labeling to avoid confusion.

**Before EH & S will remove a container from the satellite accumulation site:**

- A completed waste container inventory form must included with the container
- The container must not be leaking.
- The container must be sealed to prevent spillage.
- The container must be properly labeled.
