Replace:

A minimum of three credits in MATH and/or CSCI courses numbered above 099. MATH 112, MATH 130, MATH 150, and CSCI 101 are recommended. For students with appropriate preparation, MATH 115, MATH 151, MATH 240, CSCI 201 and CSCI 211 are also recommended. Students are encouraged to work with a faculty advisor to select a course appropriate to their level of mathematical preparation, interests and major field of study. Note that credits in courses numbered 189 or 289 do not apply toward this requirement without approval by the Department of Mathematics and Computer Science.

With:

A minimum of three credits in MATH and/or CSCI courses chosen from among these courses: Math 112, Math 115, Math 130, Math 150, Math 151, Math 230, Math 240 or CSCI 101 or 201.

MATH 112, MATH 130, MATH 150, and CSCI 101 are recommended. For students with appropriate preparation, MATH 115, MATH 151, MATH 240, and CSCI 201 are also recommended. Students are encouraged to work with a faculty advisor to select a course appropriate to their level of mathematical preparation, interests and major field of study.
