Sam Holden, an accounting and finance major from Spooner, Wisconsin, has big dreams for his future. Right after Sam graduates in December 2015, he plans on obtaining his CPA license and begin a career in public accounting. "Later in life, I would love to open a hunting/fishing resort, because this is a huge part of my life."

He is well on his way to achieving his goals, thanks to his hard work and Foundation scholarships. Sam has something he wants you to know - "You may ask yourself, ‘How much does my contribution really help?’ My answer is that no amount is too small, and any gift would benefit and mean a great deal to the students here at UW-Superior."
