

UNIVERSITY OF WISCONSIN-SUPERIOR
POLICY ON THE REPORTING OF SUSPECTED CHILD ABUSE AND NEGLECT

I. BACKGROUND:

The University of Wisconsin-Superior prioritizes safety and strives to provide a safe learning environment for everyone. Children come into contact with UW-Superior through various programs, camps and events. On December 19, 2011, the Governor signed Executive Order #54, which requires that all UW-System employees must report incidents of child abuse and neglect. In addition, this policy extends that obligation to volunteers and contractors performing services for UW-Superior.

II. DEFINITIONS:

- A. "Abuse" of a child includes any of the following:
1. Physical injury inflicted on a child by other than accidental means. "Physical injury" includes but is not limited to lacerations, fractured bones, burns, internal injuries, severe or frequent bruising or great bodily harm.
 2. Sexual intercourse or sexual contact with a child under the age of 16 or with a 16 or 17 year-old child without his or her consent.
 3. Sexual exploitation of a child. Sexual exploitation of a child occurs when a person employs, uses, persuades, induces, entices, or coerces any child to engage in sexually explicit conduct for the purpose of recording or displaying the conduct or records or displays a child engaged in sexually explicit conduct. Sexual exploitation of a child also occurs when a person produces, performs in, profits from, promotes, imports into the state, reproduces, advertises, sells, distributes, or possesses with intent to sell or distribute, any recording of a child engaging in sexually explicit conduct.
 4. Permitting, allowing or encouraging a child to violate the statute prohibiting prostitution.
 5. Causing a child to view or listen to sexual activity for purposes of sexual arousal or sexual gratification.
 6. Exposing genitals or pubic area to a child or exposing a child's genitals or pubic area for purposes of sexual arousal or sexual gratification.
 7. Manufacturing methamphetamine with a child present, or in a child's home (including the premises of a child's home or in a motor vehicle located on the premises of a child's home), or under any other circumstances in which a reasonable person should have known that the manufacture would be seen, smelled, or heard by a child.
 8. Emotional damage for which the child's parent, guardian or legal custodian has neglected, refused or been unable for reasons other than poverty to obtain the necessary treatment or to take steps to ameliorate the symptoms. "Emotional damage" is defined as harm to a child's psychological or intellectual functioning and is evidenced by one or more of the following characteristics exhibited to a severe degree: anxiety, depression, withdrawal; outward aggressive behavior; or a substantial and observable change in behavior, emotional response or cognition that is not within the normal range for the child's age and stage of development.
- B. "Child" is a person who is less than 18 years of age.
- C. "Employee" is any UW-Superior employee including student employees.
- D. "Neglect" is failure, refusal or inability on the part of a caregiver, for reasons other than poverty, to provide necessary care, food, clothing, medical or dental care or shelter so as to seriously endanger the physical health of the child.

III. REPORTING REQUIREMENTS:

- A. Executive Order #54 requires that UW-Superior employees must make a report of child abuse or neglect immediately if, in the course of employment, a UW-Superior employee observes an incident or threat of child abuse or neglect, or learns of an incident or threat of child abuse or neglect, and the employee has reasonable cause to believe that child abuse or neglect has occurred or will occur.
- B. This policy hereby establishes the requirements that volunteers and contractors performing services for UW-Superior abide by the same reporting obligations as employees (as stated in Section III.A above) to the maximum extent feasible.
- C. Collecting additional information that is readily available (such as talking to coworkers who also interact with that child) or verifying that the information learned meets the criteria for reporting may be appropriate, but any such action must be conducted promptly. You should not delay making a report in order to gather evidence; the agency to whom you make the report will determine whether such an investigation is warranted.
- D. A report must be made personally or by telephone to the Douglas County Department of Health & Human Services (715-395-1304), City of Superior Police Department (715-395-7234), Douglas County Sheriff's Department (715-395-1371), or UW-Superior Department of Public Safety (715-394-8114).
- E. Executive Order #54 does not specifically address whether an employee must report information learned about an adult who was the victim of childhood abuse or neglect. Because making such a report may raise issues relating to state and federal law and professional codes of ethics, before making any report involving an adult who was the victim of child abuse or neglect, employees should contact the UW System Office of General Counsel at 608-262-2995.
- F. Child abuse or neglect involving UW-Superior includes:
 - 1. An allegation against a UW-Superior employee, student, agent, volunteer, or contractor, or
 - 2. The suspected child abuse or neglect occurred in or at UW-Superior facilities or on UW-Superior land, or
 - 3. The suspected child abuse or neglect occurred during or in connection with a UW-Superior sponsored activity.

If the reported abuse or neglect involves UW-Superior, then it must also be reported to the UW-Superior Department of Public Safety and to the UW-Superior Office of Affirmative Action if it involves potential sexual misconduct. Questions regarding the applicability of these requirements to a particular individual or situation may be directed to the Office of General Counsel at (608) 262-2995; the UW-Superior Department of Public Safety (715-394-8114) or the UW-Superior Office of Affirmative Action (715-394-8220).

The report shall include the following information, to the extent that it is known by the employee and the UW-Superior Department of Public Safety or Office of Affirmative Action:

- a. The name, age, and home address of the child
- b. The name and home address of the parent or other person responsible for the care of the child;
- c. The child's whereabouts;
- d. The nature and extent of the suspected abuse or neglect, including any information regarding possible previous instances of abuse or neglect; and
- e. Any other information that may help to identify the person responsible for the abuse or neglect or determine the cause;
- f. Reporting Agency.

A copy of the written report shall also be provided to the Chancellor.

- G. A UW-Superior employee who is a mandatory reporter by profession under Wis. Stat. 48.981(2) (e.g., health practitioner, social worker, law enforcement officer, child care provider) must continue to comply with the state mandatory reporter law requirements. In addition to following Wis. Stat. 48.981(2), UW-Superior employees shall also make a report personally or by telephone to the UW-Superior Department of Public Safety, informing Public Safety of the concerns that were reported and to whom (agency and name).
- H. UW-Superior employees may share information regarding suspected child abuse or neglect only with appropriate individuals, such as the agencies to whom reports are to be made, appropriate University officials, and co-workers when the employee is promptly seeking additional information for a report. Beyond appropriate disclosures, employees should treat the information as sensitive and confidential.
- I. Questions regarding the application of these requirements to a particular individual or situation should be directed to the UW System Office of General Counsel (608-262-2995).

IV. POLICY IMPLICATIONS AND CONSEQUENCES:

- A. No UW-Superior employee making a report of child abuse or neglect in good faith may be discharged from employment, disciplined or otherwise discriminated against in regard to employment, or threatened with any such treatment because that employee made a report in good faith.
- B. Any UW-Superior employee who fails to report suspected child abuse or neglect in violation of this policy may be subject to discipline for professional misconduct, up to and including termination of the employee's employment with or appointment to the University of Wisconsin-Superior.

V. RESPONSIBILITIES OF THE INSTITUTION:

- A. Criminal background checks will be performed pursuant to the background check policies for UW-Superior, and must be conducted on employees, volunteers, and contractors who have regular contact with children in the course of performing duties or services for UW-Superior or in connection with a UW-Superior sponsored activity.
- B. All contractual arrangements must require the contractor to supply employee employees that have passed criminal background checks, if such employees will have regular contact with children.
- C. To the maximum extent feasible, UW-Superior will include, in all written contracts for the provision of services by independent contractors, an obligation to report incidents of child abuse and neglect. Whenever possible, written contracts shall include the following provision:

If, in the course of providing services to UW-Superior, contractor (or its agent or employee) observes an incident of child abuse or neglect, or learns of an incident of child abuse or neglect and the contractor (or its agent or employee) has reasonable cause to believe that child abuse or neglect has occurred or will occur, contractor (or its agent or employee) must make a report of that child abuse or neglect to law enforcement or to the Douglas County Health and Human Services Department (715-395-1304) (See Section III.F. of UW-Superior's Policy on Mandatory Reporting of Child Abuse and Neglect). The contractor (or its agent or employee) shall also report that abuse to the UW-Superior Department of Public Safety (715-394-8114).
- D. UW-Superior employees and volunteers will receive training or education on the subject of child abuse and neglect; this training or education may differ depending upon (1) the type and degree of

- contact the individual may have with children on campus or (2) other training or education regarding mandatory reporting an individual might receive due to his or her profession.
- E. UW-Superior employees and volunteers will be informed through handbooks, institutional websites, or other appropriate means about:
 - 1. Executive Order #54
 - 2. Institutional policies and procedures;
 - 3. Contact information for the Douglas County Health and Human Services Department (715-395-1304), City of Superior Police Department (715-395-7234), Douglas County Sheriff's Department (715-395-1371), or UW-Superior Department of Public Safety (715-394-8114).
 - F. UW-Superior will provide and/or post information in appropriate areas to notify children who to contact if they are a victim of child abuse or neglect.
 - G. Any documentation related to a UW-Superior employee or volunteer report of child abuse or neglect will be stored and maintained in a secure location.
 - H. Reports.
The Chancellor shall inform the President of the UW-System of any serious incident arising under this policy, consistent with the confidentiality requirements of federal and state law.
 - I. Confidentiality.
The confidentiality of a report of suspected child abuse or neglect, including the identity of an individual who makes a report under this policy, the individual suspected of abuse or neglect, and the child who may have been abused or neglected, will be protected consistent with relevant federal and state laws.

VI. IMPLEMENTATION

Access to a copy of this policy shall be provided to all faculty, staff, and students of UW-Superior within one week of the Chancellor's approval of the policy. This policy shall be incorporated into the UW-Superior Employee Handbooks and the UW-Superior Student Handbook.
