Curricular Practical Training (CPT) Form

Please read these instructions carefully in order to avoid delays in your CPT

General Information

Curricular Practical Training for F-1 students is intended to allow hands-on practical work experience in situations where the work is an integral part of the student’s academic program PRIOR to the completion of that program. Students who have been in F-1 status for at least two academic semesters (9 months) may apply to participate in this type of training. Graduate students in programs that require training are not bound to the one academic year in F-1 status requirement.

Although authorized part-time curricular practical training employment is permitted with no penalties until completion of a degree, students who have received one year or more of full time curricular practical training are ineligible for optional practical training after graduation.

In order to be eligible for curricular practical training, one of the following conditions must be met:

1. the employment must be required to complete graduation requirements (this includes work necessary to complete thesis or dissertation); OR
2. you have your advisor’s recommendation and will receive course credit for the employment and the course (internship, practicum, etc.) is published in the current university course catalog or departmental bulletin. You will meet with your advisor or professor and agree on a research project that will be monitored by a faculty member during the work experience.

In addition, you must have a job offer since the employment authorization will be employer specific.

Instructions

Make an appointment with Kim in Main 337 and bring the following documents:

1. Passport, Form I-94 and Form I-20
2. Completed Curricular Practical Training recommendation (attached) OR completed Internship Agreement from your department.
3. Letter from employer on business letterhead offering position and indicating: title of position, location where you will work, full or part-time work, and beginning and ending dates of employment.

OIP approval on page 3 of your Form I-20 (name of company, location, full or part-time, and beginning/ending dates) will serve as your authorization to work.

Note on Social Security and Medicare Taxes:
Students in F-1 immigration status who have been physically present in the U.S. for parts of five calendar years or less are generally considered as non-resident aliens for tax purposes and are not required to pay Social Security or Medicare taxes on the wages earned from practical training. Request a copy of the I.R.S. information from the Office of International Programs and present this to the Human Resources Office at your new employer. While it is possible to have these taxes, refunded, it is far easier to alert the employer at the beginning. Federal and State taxes will be deducted from your wages unless your home country has a tax treaty with the United States and you have filed the appropriate documents with your employer.
TO BE COMPLETED BY FACULTY ADVISOR OR DEPARTMENT CHAIR
(Note to faculty: Please review OIP handout, “F-1 Curricular Practical Training” prior to completing this form)
