**Acclaim**

**SIDE LINE SHORTS**

- Dr. Shin-Ping Tucker had article "E-commerce Standard User Interface: an E-menu System," published in "Industrial Management and Data Systems."
- Winterfest 2008 was a resounding success! An estimated 2,500 people from the community and campus gathered in the Health and Wellness Center for an evening of family fun with choirs, cookies, fun events, and a craft fair. Provost Markwood noted that it was wonderful to see that over 200 faculty, staff, and students volunteered as part of this special event.
- The Fall 2008 Honors Students Ceremony was held Wednesday, December 10th at 3:00 p.m. in the RSC Skylounge. Approximately 25 graduating students were awarded honors in front of their family and friends. Congratulations and good luck to all the December graduates!

**VISUAL ARTS PROFESSOR RECOGNIZED FOR WORK**

Dr. Laurel Scott, Visual Arts Department, was recognized on October 30th by the Wisconsin Education Association for her mixed media work "Burnett County Marsh". The work which combined pastel and digital imagery was selected during the three-month WEA Art Showcase Exhibit for its permanent collection on display in the WEA headquarters in Madison.

**ASSOCIATE PROFESSOR OF MUSIC FEATURED LIVE**

Dr. Erin Aldridge, associate professor of music at UW-Superior, was featured on a live on-air performance at 12:30 p.m. Sunday, Nov. 30, on Wisconsin Public Radio's concert series "Sunday Afternoon Live at the Chazen." Aldridge, director of the UW-Superior orchestra, performed four of the six Ysaye Sonatas from the Chazen Art Museum on the UW-Madison campus. "Sunday Afternoon Live at the Chazen" is carried by WPR's Brule, Wis., station at 89.9 FM.

**HHP ASSOCIATE PROFESSOR'S WORK PUBLISHED**

Dr. William Simpson, associate professor for the Health and Human Performance Department, wrote a chapter on nutrition for the new book "Primary Care for Sports and Fitness: A Lifespan Approach," published in September 2008. The book is intended for health care professionals such as nurse practitioners and physician assistants to give them more tools regarding exercise principles, sports nutrition and orthopedic examination of the active child through older adult.
