Basic Grant Writing Training
... to secure Foundation dollars for UW-Superior programs and community-based partnerships.

The UW-Superior Grant and Research Office (GRO) helps you find funding opportunities to further your strategic directions and outcomes. The Grant and Research Administrator, Kaelene, can provide support and guidance at the beginning, middle and final submission phases of the grant development process. Contact the GRO to get started or to discuss ideas for funded scholarship, research, creative performance or student programs.

Often a beginner or intermediate workshop can help a grant writer become familiar with the basics tenants behind a competitive grant proposal. Here are some excellent opportunities for short term beginner and intermediate training in grant writing.

**Writing Effective Grant Proposals**
