<p><i>Note: Starting in 2013: Underage drinking and many drug abuse violations are civil offenses in the State of Wisconsin, not criminal offenses, and therefore tickets issued for these offenses are not classified as "arrests," as per Clery Act regulations. In the spirit of transparency, UW-S DPS issued 41 civil underage alcohol consumption and 16 drug law violation citations in 2013 for violations that occurred within Clery-reportable geography. Crime statistics from 2013 also include new and expanded categories as a result of the 2013 reauthorization of the Violence Against Women Act. These categories include domestic violence, stalking, rape, fondling, incest and statutory rape. Dating violence is a form of domestic violence in Wisconsin; therefore, dating violence incidents are included in the domestic violence statistics. Previous annual statistics do not include this information, but subsequent annual statistics will, beginning with the 2013 column of this chart.</i></p>

All incidents of crime that are reported to any Campus Security Authority are reported in their appropriate column for the year that they were reported in.

Law Enforcement agencies having concurrent jurisdiction are requested to provide statistics for crimes they investigated on university property and immediately adjacent to it. The statistics they provide are included in this report.

Fire Safety Statistics (2012, 2013, and 2014)

Table 3 below summarizes the number of fires, the number of fire related injuries requiring medical treatment, number of fire related deaths, and the property damage caused by fire for each of the UW Superior residence halls for the years 2012-2014. Included with the statistics are the numbers of fire drills held in the calendar year for each residence hall.

Three residence hall fires were logged during the 2012 - 2014 reporting period. Damages were very minor and there were no injuries or deaths that resulted.

There were two incidences of fire recorded for 2012. One fire was recorded as an unauthorized fire and resulted in a small charring of a paper flyer with no other property damage. The second fire in 2012 was reported as an attempted arson when a paper flyer posted on a door was burned, causing \$100 in property damage to repair the door. No injuries or deaths occurred.

One fire was recorded for 2013 that was recorded as an unauthorized fire. The fire resulted when an unknown individual set fire to a paper towel in a kitchen area. No property damage or injuries occurred.

No fires were reported in 2014.
