This combined *UW- Superior Annual Campus Security and Fire Safety Report – 2014* addresses two annual reporting requirements required by the Department of Education as referenced in Title 34 of the Code of Federal Regulations, Part 668, and the final rule published October 29, 2009 in the Federal Register, section 668.44:

- Section 668.46, Institutional security policies and crime statistics (Otherwise known as the Clery Act reporting requirements), and
- Sec. 668.49 (Institutional fire safety policies and fire statistics) (Otherwise known as the Campus Fire Safety Right to Know Act)

UNIVERSITY of WISCONSIN-SUPERIOR CAMPUS CRIME STATISTICS 2014 REPORT

The following reported crime statistics for the last three calendar years are for your information.

*If you have any questions, please contact the **Campus Safety Office** at (715)394-8114.*

Note on 2013 statistics: Underage drinking is a civil offense in the state of Wisconsin, not a criminal offense, and therefore tickets issued for underage drinking are not classified as "arrests," as per Clery Act regulations. In the spirit of transparency, UW-SDPS issued 41 civil underage alcohol consumption tickets in 2013 for violations that occurred within Clery-reportable geography. 2013 crime statistics also include new and expanded categories as a result of the 2013 reauthorization of the Violence Against Women Act. These categories include domestic violence, stalking, rape, fondling, incest and statutory rape. Dating violence is a form of domestic violence in Wisconsin, therefore, dating violence incidents are included in the domestic violence statistics. Previous annual statistics do not include this information, but subsequent annual statistics will, beginning with this 2013 chart."

All incidents of crime that are reported to any Campus Security Authority are reported in their appropriate column for the year that they were reported in.

Law Enforcement agencies having concurrent jurisdiction are requested to provide statistics for crimes they investigated on university property and immediately adjacent to it. The statistics they provide are included in this report.

Fire Safety Statistics (2011, 2012, and 2013)

Table 3 below summarizes the number of fires, the number of fire related injuries requiring medical treatment, number of fire related deaths, and the property damage caused by fire for each of the UW Superior residence halls for the years 2011-2013. Included with the statistics are the numbers of fire drills held in the calendar year for each residence hall.

Four residence hall fires were logged during the 2011 - 2013 reporting period. Damages were very minor and there were no injuries or deaths that resulted. The fire in 2011 was the result of food burning in a microwave oven creating a lot of smoke. The only damage was contained to the microwave oven that had a replacement cost of \$50.

There were two incidences of fire recorded for 2012. One fire was recorded as an unauthorized fire and resulted in a small charring of a paper flyer with no other property damage. The second fire in 2012 was reported as an attempted arson when a paper flyer posted on a door was burned, causing \$100 in property damage to repair the door. No injuries or deaths occurred.

One fire was recorded for 2013 that was recorded as an unauthorized fire. The fire resulted when an unknown individual set fire to a paper towel in a kitchen area. No property damage or injuries occurred.
