Connecting Your Learn@UWSuperior Turnitin Enabled Dropbox Folder with the Turnitin App

You will need to access the Turnitin website through the Dropbox Folder integration first and then share an access code with the Turnitin App before you can access your students’ reports through the app alone. This is for security purposes because you will be able to access the students’ files and evaluating through the app.

**Note:** At this time, the Turnitin app is only available in the Apple App Store.

1. Log into Learn@UWSuperior on your computer and select the course you would like to work in.
2. Use the Assessment dropdown menu and select Dropbox.
3. Select the Dropbox Folder that you have enabled Turnitin on and your students have submitted files for.
4. Select one of the students’ Turnitin Similarity reports.
5. In the right column of the Feedback Studio, select the Submission Information icon.
6. On the Information window, click the Generate Code button.
7. A sixteen character code will be generated. You will need to enter that code into your Turnitin App. **Note:** The code will have spaces between four sets of four letters. Make sure you type the spaces when you enter the code in the app.

8. In your devices App Store, search for Turnitin.

9. Select the Turnitin Feedback Studio app.

10. After verifying it is the right one, select the **Get** button.

11. After opening the Turnitin Feedback Studio app, it will ask you to log into the app or to log in with Access Code. Select the **Log in with Access Code** button.

12. On the Log in with Access Code screen, select the Access Code input area and type the 16 digit code from the Turnitin Feedback Studio you have open on your computer.
   
   A. There is also a link if you need help getting an access code.
13. The Turnitin Feedback Studio app will open and you’ll be able to:
   A. Access the Accounts, which will open a panel with the campus listed on it
   B. Use the Get Started link to open the Accounts panel
   C. Use the Get Help link which will open the Turnitin iPad User Manual on the Turnitin website.

14. Select either the Accounts link or the Get started! link.

15. On the Accounts panel, select the University of Wisconsin-Superior link.

16. A list of your available classes will appear, select the one you would like to review Turnitin Similarity Reports for.

17. A list of Assignments (Dropbox Folders) will appear, select the one you would like to review Turnitin Similarity Reports for.
18. The Assignment (Dropbox Folder) will appear below the panel, click anywhere on the Assignment screen to close the panel.

19. Any messages (red box) will appear near the top, in this case there is a note that the Feedback Studio doesn’t support the ETS e-rater (grammar checking). If you would like to see the Grammar (previously GradeMark) report, you will need to use the full version of Turnitin through your computer’s browser.

20. Your students will be listed in two sections, Ungraded and Graded (orange box).

21. The Date the students submitted their files will be listed to the right of their names (green box).

22. Any scores you have given your students will be listed in the next column (blue box). If there is a pencil icon, that means you still need to add a score.

23. The last column on this screen will be the Similarity (previously Originality) report scores for the students’ files (purple box).

24. There are options across the top – Assignment Info, Alerts, Profile (red box).

25. You can search for a specific student’s submission (green box above).
26. If you click the Assignment Info icon, you will see the name, dates, and basic student submission information. If it looks like there are submissions missing, you can use the Sync Submissions option to update the app.

27. Select the student’s submission that you would like to review.
   
   A. **Note:** You may be asked to Sync Submissions, this will add any other student submissions to the app.

28. If you click the Alerts icon, you will see any new notifications for you as well as the last time you synced the submissions.
29. If you click the Profile icon, you will be able to add another class with an access code, add an account, and log out of the app. **Note:** until you log out of the app, you will be able to access your UW-Superior Turnitin enabled Dropbox Folders. Make sure that your iPad has a passcode access so that this information is not available to anyone who tries to use your device.

30. Select the student’s submission you would like to review.

31. It will open their file within the app. There are options across the top – Close (red box), Score (orange box), Feedback Summary (green box), Similarity Report information (blue box).

32. When you click the submission file, you will be able to use the shortcuts to:
   A. QuickMark icon – These are all of the commonly used
   B. Comment Talk Bubble icon – You can give an overall comment.
   C. Inline (T) icon – You can type directly on the document.

33. After you have finished reviewing your student’s submission, select the **Close** link to return to the Assignment (Dropbox Folder) screen.
