

Center for Continuing Education Strategic Plan

Mission

The Center for Continuing Education provides educational programming to meet the needs of lifelong learners in northwestern Wisconsin.

Vision

Northwestern Wisconsin is a thriving community with educational opportunities for all.

Our Promise

At the University of Wisconsin – Superior’s Center for Continuing Education, we are dedicated to **working with our community to serve our community**. Our community members are the people who live, work, and learn in northwestern Wisconsin. We serve students, professionals, small businesses, leaders, and all lifelong learners through academic and professional development programs. We work with community members, partners, and our University of Wisconsin – Superior colleagues to provide relevant and accessible programs.

We want our northwestern Wisconsin community to have the full range of lifelong learning programs it needs so that our community members can grow personally and professionally. We believe our work can help the community attain a good quality of life, retain a quality workforce, and provide learning opportunities for all its members.

Our Values

Listen and respond to our communities' lifelong learning needs.

Embrace learning and personal growth.

Deliver high-quality and meaningful programming, using data to inform and assess our programs.

Practice joy, humor, compassion, and dedication.

Respect and value the contributions we each bring.
